Product Detail

SOLYX® **SX-SC Static Cling** Film is recommended for application to interior glass and exterior glass (inside surface) or plastics and polycarbonate sheets. This film is made of durable Static Cling polypropylene film with an embossed textured surface. Films have a clear removable protective release liner backing which should be removed prior to installation. Installation uses the same methods as adhesive window films – soapy water and squeegee.

Fire Rating

The product was tested according to ASTM E84 and is classified as Class A, as defined in NFPA 101, Life Safety Code®.

Installation and Warranty

Installation

Installation should be in accordance with manufacturer's installation instructions. Installed using the same methods for installing window films.

Warranty

This SOLYX® product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See Warranty information for specific details.
