

SOLYX® Glass Finishes

SOLYX: SXJ-0540 Lines Gradient

Product Details

Manufacturer Detail

SOLYX: SXJ-0540 Lines Gradient is a frosted polyester film with a translucent gradient background effect and superimposed with a tall grass pattern. Ideal for direct visibility control. This film is designed for application to interior glass, single or double pane and exterior facing glass. Made of durable Polyester with a matte printed design, perfect for privacy, decorative or architectural applications. The total nominal thickness is 4 mil (100 micron). Manufactured with a silicone liner, which protects the clear, pressure-sensitive adhesive, and applied using the same tools and techniques for window films.

Product Description

SOLYX: SXJ-0540 Lines Gradient is a frosted polyester film with a translucent gradient background effect and superimposed with a tall grass pattern. Ideal for direct visibility control.

Specifications

Product Code	SXJ-0540
